

Basic Details of the Team and Problem Statement

Ministry/Organization Name/Student Innovation:

Ministry of Textiles

PS Code: SIH1309

Problem Statement Title: Application Development for .
monitoring of wool from Farm to fabric

Team Name: Team Vizion

Team Leader Name: Krishna Raj

Institute Code (AISHE): C-55756

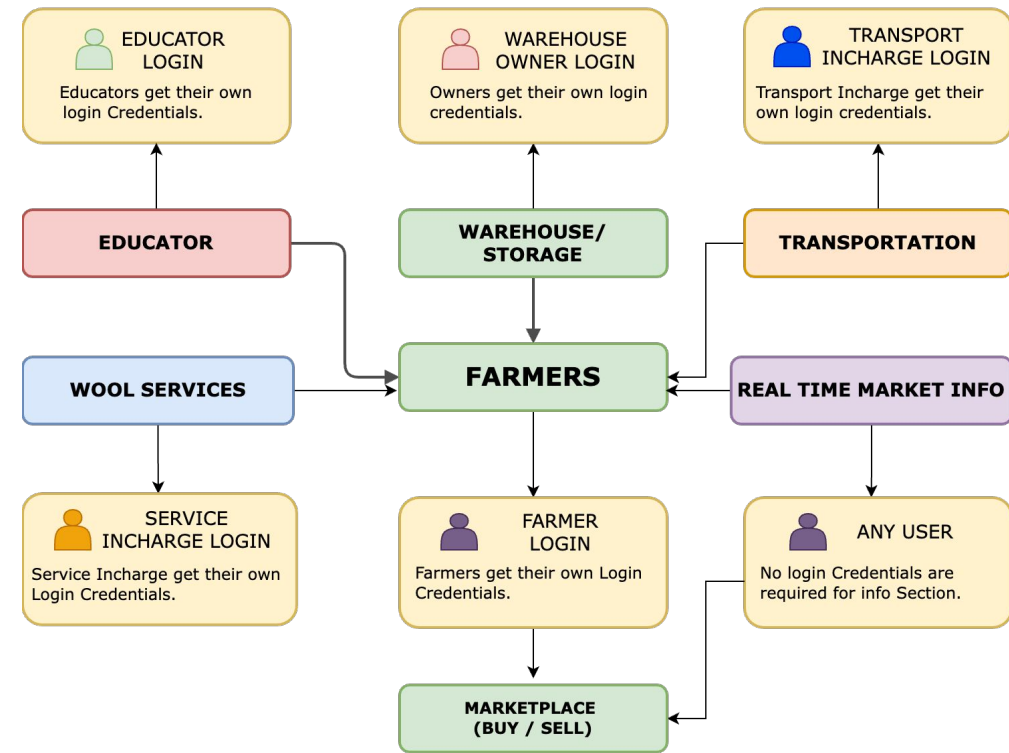

Institute Name: Bakhtiyarpur College of Engineering

Theme Name: Transportation & Logistics

Idea/Approach Details

Describe your idea/Solution/Prototype here:

1. A **cross-platform** support application to streamline the complete process from **Sheep Farming to Selling Fabric** to consumers.
2. This same platform will provide **customised interface** as per their user role i.e. Farmers, Service providers, Buyers, Educators, Quality Inspectors, Transportation and Warehouse Partners.
3. **One stop platform** for farmers, buyers and all types of service providers with **native Multilingual Support**.
4. An efficient, transparent and multichannel platform to ease the process for wool buyers & sellers to discover **real-time wool prices**, information and market trends with **quality assurance**.
5. **Real-time tracking** of wool from farm to market and providing best buys to farmers through a **reverse bidding process**.
6. An integrated **educational/ training platform** to educate farmers about latest market trends, news and practices to increase wool production.

Describe your Technology stack here:

1. **Flutter** : To develop the FrontEnd supporting cross platform.
2. **NodeJS (ExpressJS)** : For all Backend
3. **Firebase** : For user authentication.
4. **MongoDB** : To handle and maintain all the databases.
5. **AWS** : For scalability and efficiency

Idea/Approach Details

Describe your Use Cases here

1. **Increased wool production** by providing awareness and educating farmers about sheep and livestock.
2. Improving the **farmers' economic status** and helping them preserve their traditional wool crafts.
3. Creating **multiple new job sectors** and reviving the diminishing industries.
4. A new marketplace for weavers and wool farmers to get the **best prices**.
5. **Reduction in Wool imports** and increase of Wool Exports in India.

Business Model : **Escrow Based Payment** method between Farmers and other Parties.

Describe your Dependencies / Show stopper here

1. The production of high quality wool is very **low** in India, due to lack of awareness and geographical conditions.
2. **Lack of Education** to Farmers regarding sheep production and latest market trends & demands.
3. Unpredictable **Climate change** making it difficult for farmers who depended on their traditional knowledge.
4. Broken and disoriented **supply chain**.
5. Heavy **import** of High Quality wool from foreign nations.

Team Member Details

Team Leader Name: Krishna Raj

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **IV**

Team Member 1 Name: Rajnish Puri

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **IV**

Team Member 2 Name: Ujjwal Raj

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **IV**

Team Member 3 Name: Prashant Kumar

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **IV**

Team Member 4 Name: Himanshu Kumar

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **III**

Team Member 5 Name: Anamika

Branch (Btech/Mtech/PhD etc): Btech

Stream (ECE, CSE etc): **CSE**

Year (I,II,III,IV): **II**
